NEIGHBORHOOD TRAFFIC CONTROL PROGRAM

REQUEST FOR STOP SIGNS

INITIAL REQUEST

Request letter sent to City Engineer.

DEFINED SERVICE AREA DETERMINED

Map showing all property owners that have frontage on effected streets, which may include side streets that will be affected by device.

INITIAL INVESTIGATION

City Engineer will review the DSA to determine if roadway conditions will support installation of a Stop Sign and if MUTCD requirements could be met.

Conditions met

PETITION

At least 70% of the homeowners must be in favor of a Stop Sign. HOA Board (If applicable) must also vote for and approve.

Conditions not met

SPEED STUDY

Study must indicate that a speeding problem exists, based on the standard of an 85th percentile speed of at least 11 miles per hour over the posted speed limit.

Conditions not met

STOP SIGN NOT RECOMMENDED BY CITY STAFF

Conditions met

WAIVER/PETITION

If City Staff does not recommend a Stop Sign, a waiver of the conditions will be considered if 90% of the homeowners must be in favor of a Stop Sign. HOA Board (If applicable) must also vote for and approve.

CITY COUNCIL APPROVAL

City Council will receive a copy of the supporting documents. The request will be placed on the agenda for the next available Council meeting where the request will be approved or denied.
